-----

Surly you've heard their  
pleas & shouts! Whom do  
I speak of? Why the  
stranded travellers of  
Sosaria, of course!

Hundreds of citizens have  
become marooned in towns  
& along side the forest  
roads due to lack of  
public transportation  
throughout our world.

Nobles begging for

escorts. Crafters with  
their thumbs out. Brides  
& grooms who just  
wanna make it to the  
church on time, are all  
finding themselves left  
out in the cold due to  
the lack of reliable public

transportation.

Take for instance Todd, a  
bridesgroom who is  
currently stranded in  
Nujel'm. "I've been waitin'

'ere for 3 weeks now. I  
was suppose' to be

married last Tuesd'!  
Susie is never going to  
forgiv' me," he sobs into  
his feathered cap!

& then there is  
Remington, adventurer  
extrodiare, who is off to

see the world, as soon as  
he can find an escort  
out of Cove! "I would  
walk to the moongate," he  
says timidly. "But I hear  
there are rodents of  
unusual size in the forest  
near here. I'd rather

hitch a ride."

Something must be done  
to help these road weary  
people to reach their  
destinations!

'Occasionally a

compassionate soul will  
pop into town & take a  
few desperate travellers  
along their way," says  
Addie a Covian native.  
"But there never seem to  
be enough of those kind  
hearted souls to make

much of a dent in the  
horde of trapped  
travellers."

It's very clear that  
Sosaria is in dire need of  
a mass public transit  
system. Walter, head of

Sosaria's Department of  
Public Transportation, told  
us that King Casca has  
ordered the department

to draw up plans for a  
public chariot system.

"We maintain & staff

the public ferries, as it  
is," Walter explained. "I  
guess it never occurred to  
us that this would be an  
issue. We just thought  
everyone that lived here  
could ride a horse!"

\* Until next time, this  
is Adelaide, Reporter for  
The Britain Bugle saying,  
"See you around Sosaria,  
Citizen!" \*

The Britain Bugle is a
player run newspaper

randomly distributed &
containing: fake news,
humorous public service
announcements, interviews
with npc community

members & anything
else that the community
of Sosaria will find
offbeat but sorta true!

The Bugle is our way of
poking fun at the UO
world we love! Each paper

is a way of smiling at
the game mechanics
the world that has grown
up around them.
